#### Multiplier event description

On the 18th July 2023, CIVIC organised its Multiplier Event online, via Zoom. The event was mainly advertised through a social media campaign on CIVIC's accounts and using CIVIC's list of contacts. The event attracted the attention of 9 people, who actively joined the event to know more information about the Erasmus+ project Colibri Birds.

The event started with an introduction of the Erasmus+ program and CIVIC's company structure.

The event then moved on with presenting in more detail the Erasmus+ project Colibri Birds along with the project aims, objectives, partnership etc. The host presented the project website, and showed participants where to find all the information about the Project and its results.

After the final presentations, time was dedicated to Q&A with the participants. The event turned out to be successful with the participants being very interested and engaged in the promotion of Colibri Birds.
